Subject: Secure Math Exam Opportunity

Good afternoon families,

The decision was made to, for the current year, allow students who scored at the 97th percentile on their quantitative/non-verbal CogAT composite score to also sit for the secure math exam for the possibility of early acceleration in mathematics.

This exam will be administered to your 5th grader on Wednesday, June 21st, at the start of the school day, unless you communicate otherwise.

Please see the attached letter for more details!

Sincerely,

Lauren Tallarine

Director of Mathematics and Business, K - 12
